

Mrs. Krum told me to practice for homework!! What does that REALLY mean?

- Clap the rhythm of the song.
- Sing the words (if there are any) to the song.
- Sing the letter names while pointing to the notes on the staff.
- Sing the lyrics and/or letter names while pointing to your hand staff.
- Sing the lyrics and/or letter names while moving your fingers on the recorder.
- “Air-play” —audiate!
- PLAY!!!!

What if I get stuck?

- Chunk the song—find the smaller parts that are hard.
- Keep practicing! You don’t have to get through all the steps every day---but always start at the beginning.
- Check my website—www.mrskrum.weebly.com
- Talk to me! We can work out a time outside of class that I can help you!
